

Our Mission

Having a caregiver in your or a loved one's home is an important decision—a responsibility we do not treat lightly. Our mission is not only to refer a compatible caregiver, but also to help make your life easier and less stressful. We are proud to make a difference in the quality of our clients lives!

A reputation you can count on!

We are proud to provide you with as many references as you would like from both present and past clients. We also receive referrals from Bay Area hospitals, hospice agencies, social workers and many other local facilities serving seniors.

A commitment from the owner and the staff of Affordable Home Care Agency

The statement “we listen and truly care about your needs” are not just words printed on our brochure, but our commitment to you. Whether you use our agency for one day, or for years to come, we want the experience to be so positive that you will gladly recommend our service to your friends and family.

My personal commitment to you

Katelynn Mann
Owner

At a young age I developed a passion for helping those in need. I use that passion to drive our continuous efforts to provide a quality service at an affordable and realistic cost. The founder and my mother, Melissa Chapman, shares this same compassion and drive which led her to create Affordable Home Care Agency in 1997. As I follow in her footsteps it is my commitment to keep the high level of standards and customer service that has led us to be a leader in our industry and deserving of the respect we receive from our clients and the senior community.
